

MEET KORAT

Bhavnagar | +91 76004 08437 | meetkorat2105@gmail.com | LinkedIn | GitHub

Aspiring AI Engineer and IT student with practical experience in developing AI-powered applications using Python, Generative AI, LLM APIs, LangChain, LangGraph, and RAG. Skilled in prompt engineering, AI workflow automation, and vector database technologies. Built multiple end-to-end AI projects including intelligent chatbots and machine learning solutions, with a strong passion for transforming emerging AI technologies into real-world products and scalable applications.

Technical Skills

Languages: Python, SQL, JavaScript

Generative AI : LLM APIs, Prompt Engineering, LangChain, LangGraph, RAG, AI Agents,

Vector Databases : Pinecone, ChromaDB

Backend & APIs : Flask, FastAPI, REST APIs, Postman

Tools : Git, GitHub, Streamlit

Experience

Ai & Cloud Technologies Intern — IBM x Edunet Foundation

July 2025 – August 2025

Remote

- Developed a Predictive Maintenance of Industrial Machinery Project on IBM Cloud with the help of WatsonX runtime service.
- Learned and applied end-to-end project development lifecycle, from problem analysis to final presentation.
- Technologies : Python, IBM Cloud, RAG, LangChain

Projects

SkillSync AI – Resume & JD Matching Agent

[View All Projects](#)

- **AI-Powered Resume Intelligence Platform** that analyzes resumes against job requirements, calculates ATS compatibility scores, identifies skill gaps, and generates personalized improvement recommendations.
- Implemented RAG, prompt engineering, and multi-agent workflows using LangGraph to perform resume evaluation across multiple criteria including impact, brevity, style, and section quality.

Medical Chatbot Assistant

- **Built an AI-powered medical assistant chatbot** capable of answering health-related queries using LangChain and Gemini API for natural language understanding.
- Used Pinecone vector database for efficient context retrieval & similarity search, enabling personalized query handling.

Education

Government Engineering College (GEC), Bhavnagar

June 2023 - June 2027

Bachelor of Engineering (B.E.) – Information Technology — CGPA: 8.57

Achievements

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional by Oracle University.
- Secured 3rd Rank in TechSprint Hackathon organized by GDG On Campus, Government Engineering College Bhavnagar.
